

15TH ANNIVERSARY CELEBRATIONS

To celebrate the 15th anniversary of our success story, we recently hosted an extraordinary annual dinner full of joy, appreciation, and unforgettable moments. The event began with the recitation of the Holy Quran and included a round of promotions and awards, where outstanding team members were recognized for their tireless efforts, commitment, and hard work throughout the year.

Additionally, our respected CEO, **Wali Hassan Jafferi**, addressed the audience with a heartfelt speech that reflected on Ropstam's incredible journey and the collective spirit that has brought us this far. This speech emphasized the role of Ropstam Solutions in transforming the IT industry of the country and how this company has achieved remarkable accomplishments over a period of more than a decade. It wasn't just a speech; this was a reminder of the incredible vision and efforts of our CEO in order to ensure the securing of such a status in such a short time.

The night was further energized by a lucky draw that left attendees in awe of the generosity of Ropstam’s management, as smartphones, EarPods, bikes, and even Umrah tickets found their lucky winners. To add cherry on top of the cake, the event also featured a mesmerizing Qawwali performance, capping off the evening with refreshing melodies which resulted in remarkably shifting the mood at the hall. All in all, this special night truly embodied the remarkable spirit of Ropstam: coming together joyfully to celebrate success as one united family
